Catering FAQs

Is there a vegetarian option?

We are a chicken wings restaurant so our specialty is not geared toward the vegetarian. However, we have been known to create a special something for the few in the group who prefer to skip the meat!

Do you have a "healthy" option?

Most people choose Pluckers because they like to let loose and "eat dirty" or because they're craving a cheat day. Our food may be a splurge on calories, but it's also full of flavor and made to order. So spoil your taste buds!... or you can order our grilled chicken sandwich for those who are still too shy to go fried.

How many sauce flavors can I choose?

This varies based on the amount of wings you order. However, we typically do not suggest doing more than 3-5 flavors. The more flavors available, the quicker your food runs out, because people tend to take one of each.

How is a catered order served?

Catered orders—including our Catering Packages and A La Carte Catering—are served buffet style to keep your food hot and fresh. However, we also offer a boxed serving style so your group can grab-and-go. As a bonus, plates, napkins, plastic-ware and cups are included!

Do you only offer the items listed on the catering menu?

Yes. We have carefully chosen our menu items that cater the best. They are items we know will arrive delicious and will stay delicious! Other items are best served in the restaurant to ensure freshness.

Can we alter the number of sides or entrees that come in a Catering Package?

You can add an extra side or entrée for the whole group for an extra charge to the Package price or you can place an A La Carte catering order. Chat with our catering manager to find out which option is best for you!

How far in advance do we need to place an order?

Orders must be placed at least one full business day in advance to ensure our best service. This means, for example, Monday orders must be placed by 3pm on Friday. However, if you'd like to get your order in the books a week ahead, that's even better!

Can you take a credit card over the phone?

Yes—in fact, this is the best form of payment. We just need the physical card available upon pickup or delivery. If the card is not available, we have an authorization form to send you. Bada-bing-bada-boom.
